Subject: Dodd-Frank Act – Section 1502, Conflict Minerals

Dear Valued Customer,

In accordance with Section 1502 of the Dodd – Frank Wall Street Reform and Consumer Protection Act, also known as the “Conflict Minerals Act”, issued by the Securities and Exchange Commission (SEC) on August 22, 2012, companies are required to make disclosures regarding whether products contain “Conflict Minerals” from the Democratic Republic of Congo (DRC) or adjoining countries.

“Conflict Minerals” is defined as Tantalum, Tin, Gold, and Tungsten.

“Adjoining Countries” is defined as a country that shares an internationally recognized border with the DRC, which presently includes Angola, Burundi, Central African Republic, the Republic of the Congo, Rwanda, South Sudan, Tanzania, Uganda, and Zambia.

Based on our inquiry to all our raw material suppliers, Precision Tube Company certifies the following:

- a) Products do not contain any “Conflict Minerals”.
- b) Trace elements of “Conflict Minerals” deemed necessary to the functionality of the product are “DRC Conflict Free”.

If we can be of any further assistance, please feel free to contact us.

Regards,
